We dedicate this newsletter to the mothers, as a way of thanking them for their love, dedication and support. In the photo we see the Spectacled Bear with its cub, the only bear in South America which can be found in the high Andean and paramo ecosystems. It is also known as the gardener of the forest because with its size and fur it fulfills the task of pollinating. In addition, he protects, accompanies and teaches his cubs by example.

Our events

Iberoamerican cinema in Prague!

The Czech Ministry of Foreign Affairs, in collaboration with the Ibero-American embassies and consulates present in the Czech Republic, organizes each year a week dedicated to dialogue between these countries, also bringing the Czech public closer to its culture through a varied cultural program. The Cervantes Institute in Prague hosts a selection of films from Mexico, Peru and Colombia. On behalf of our country, the film "El Piedra" by Colombian director Rafael Martínez Moreno. This film tells the story of the Cartagena boxer, Reynaldo Salgado and his son.
